*Details of Problem faced/Any suggestion/solution

We can not approach to our whole project area due to Lock down. We can not fully use our vehicle in area due to Police control is there.

More people are in need but we can support out of them most needy. Daily veges labour, poor farmers are in need. We try our best to help most needy out of all needy.

Drinking water and medical facilities more required.

Note: The online format may be updated by 15th of every month. At the time of updation, the latest details and figures (inclusive of all support provided till date) should be entered. In other words, cumulative total support provided should be entered as on date during each updaion.
